LORA BAY “RAVEN”

Opened 2006 in Thornbury, Ontario

The Raven at Lora Bay represents Tom McBroom's third completed course for Intrawest, North America's premier developer of mountain resort communities. Following the success of Le Géant at Mount Tremblant and Monterra in Collingwood, Lora Bay is a collaboration with 2006 Ryder Cup Captain Tom Lehman. McBroom and Lehman have crafted a bold and strategic course adjacent to the dramatic Nippissing Ridge just west of the village of Thornbury. McBroom and Lehman spent hours working out the strategic nuances and a fresh bunker style motif that is dramatic and eye pleasing. Golfers won't soon forget the holes that run atop the escarpment and the spectacular views over Georgian Bay.

“I'm very proud. Lora Bay will be a phenomenal place to play golf.”

Tom Lehman

“... an outstanding course that features all of the factors that make a course timeless: a great, walkable routing, great greens and great bunkering. Perhaps one of McBroom's most subtle – and best – courses.”

Robert Thompson, CanadianGolfer.com

LORA BAY CLUB - HOLE #1 (PAR 4)

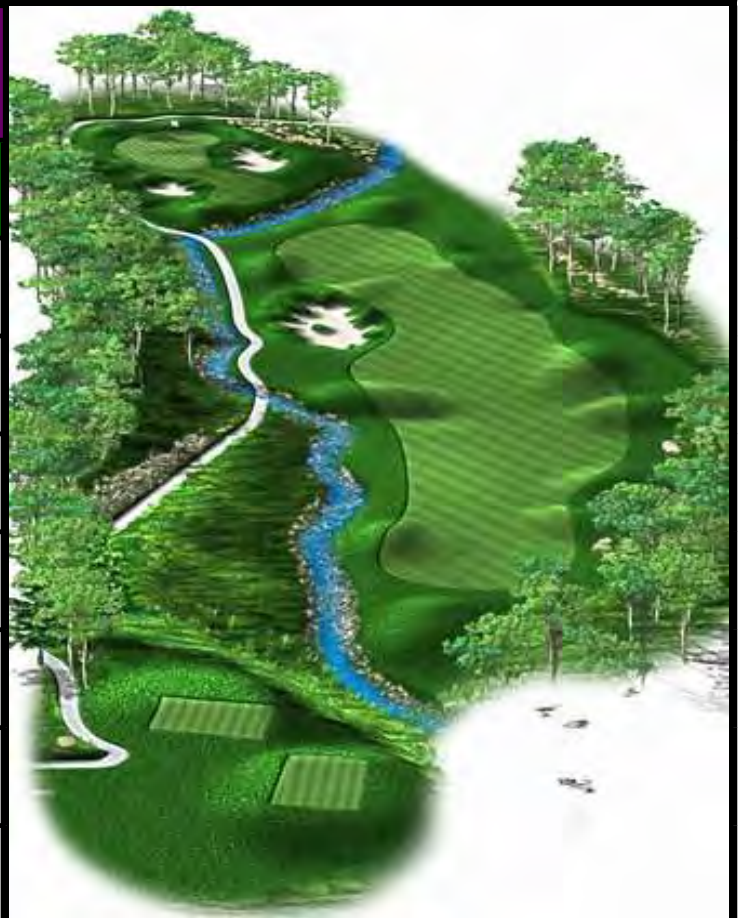

One of the most visually stunning starting holes anywhere overlooking Georgian Bay.

Standing on the edge of the Nippising Ridge, the tee shot drops nearly 120 feet to a generous fairway. You'll want to try to keep your ball on the right side of the fairway for the best angle at the elevated green site that's protected by a brook that runs down the left side of the hole and then in front of the green. The green slopes from back to front.

LORA BAY HOLE #1

LORA BAY CLUB - HOLE #2 (PAR 4)

Anyone who watched the Telus Skins Game in 2007 won't soon forget Big Bad John Daly's mammoth tee shot directly over the water as it bounced a couple of times and rolled onto the green. Few if any other people will ever be able to replicate that shot. The smart strategy on this dogleg left is to pick a point to the right of the large pond that meanders down the entire left side of the hole. From the fairway landing area it's a comfortable iron shot that takes the water out of play on the second shot.

LORA BAY HOLE #2

REC	303		235		257

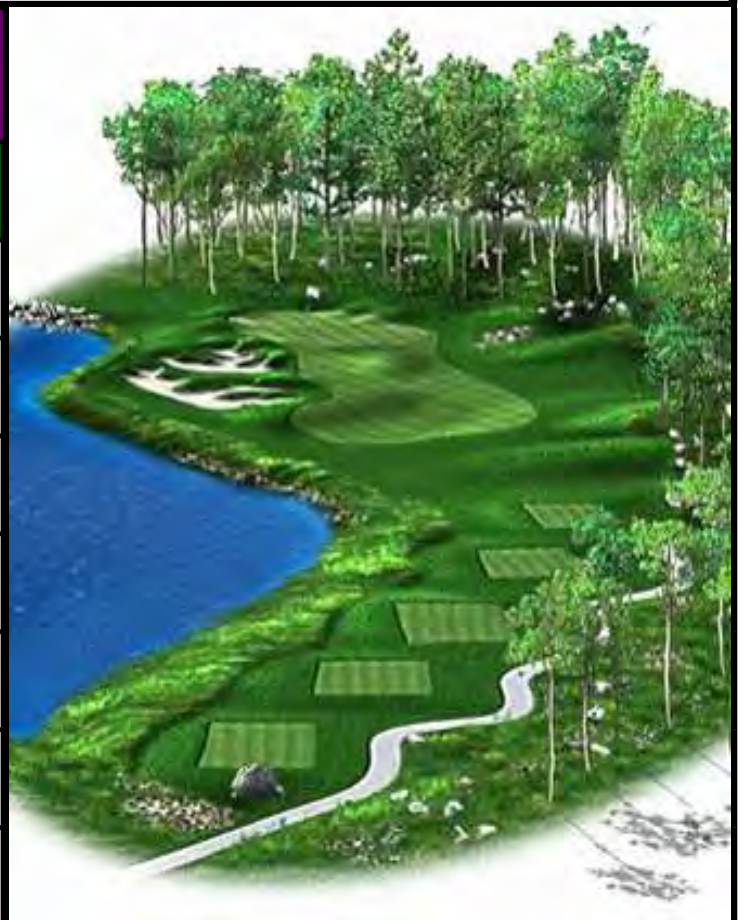

LORA BAY CLUB - HOLE #3 (PAR 3)

This is the longest of the Par 3's on the course and the toughest according to the scorecard. You'll want to stay to the right to avoid the banks of the pond that run from tee to green. There's a nasty bunker tucked into the front left corner of the green that's to be avoided and they have left some landing room to the right for anyone who comes up short. A pocket of trees that can play tricks on a golfer when the wind comes up nicely surrounds the largest green on the course.

LORA BAY CLUB - HOLE #4 (PAR 5)

Only **BIG** hitters go for it in two if they fly a tee shot over the first fairway bunker to the right, while most people would be advised to play left of it and land in the generous fairway. The 2nd shot is straightforward, but a couple of well-placed bunkers and a grassy swale in front of the green will keep all but the best shots from reaching their destination. Be careful of the bunker to the right of the green on your approach - it's deceptively further from the green than you think!

REC	452		177		233

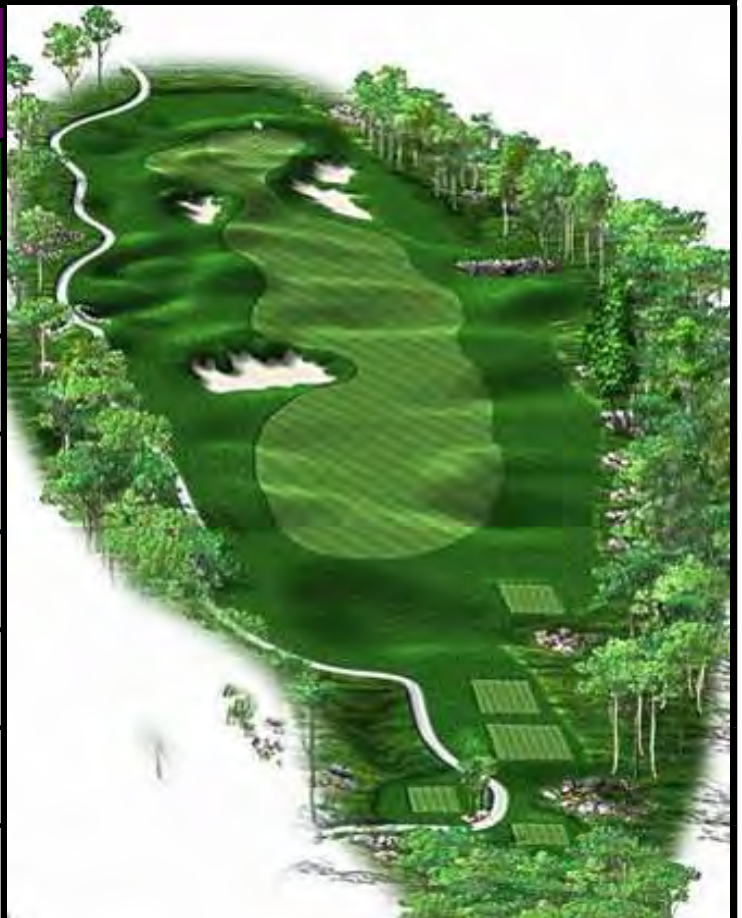

LORA BAY CLUB - HOLE #5 (PAR 4)

If there is a friendly Par 4 on the front nine, this is it. Off the tee the left fairway bunker is visually intimidating, but for the best angle at the green you're going to want to blast it over it. Otherwise put your first shot on the undulating fairway and take your chances with the second shot to the green. Guarded by strategically placed bunkers that are well in front of the green and one at the front right edge, the tightly cut run-off areas surround the green.

WOMEN	276		137		225
REC	339	195	283		

LORA BAY CLUB - HOLE #6 (PAR 5)

With 9 bunkers to weave through on this hole, McBroom and Lehman's ragged bunker style is a highlight of what is considered the hardest hole on the course. Think twice before you just blast away and take a second look at the course guide because you'll find the course's only fairway pot bunker comes into play on the 2nd shot. There's a terrific series of 3 bunkers at the left of the green and 2 more to the right, making the approach shot to the green a skillful challenge.

		O		O	

LORA BAY CLUB - HOLE #7 (PAR 3 - CP)

#7 should be called "Deception". It's not overly long, but there's a seemingly innocent fairway bunker in front of the green that makes the hole appear shorter. The trick is to fly the bunker and the ball will roll onto the green. Avoid a second bunker tucked into the left front face of the green. There's room to miss right, but don't get carried away or you'll be in the trees.

THIS IS THE GTA AM TOUR CLOSEST TO THE PIN COMPETITION!

LORA BAY CLUB - HOLE #8 (PAR 4)

This is the hole that McBroom calls "The best Par 4 on the course", and it's one of his all time favourites. This long and sweeping Par 4 forces players to navigate the angled bunker left of the landing area. Once again, the green is well protected with steep bunkers to the right and left, while the green has a flared roll to its backside.

REC	368	177	177	240	240

LORA BAY CLUB - HOLE #9 (PAR 4)

It doesn't look that exciting off the tee, but the front nine finishes with a gust of glory on this sharp dogleg that bends to the left and then opens up to a sensational second shot overlooking Georgian Bay. Strangely there are no bunkers on this hole; however, a creek meanders down the left edge of the fairway in and out of the trees before cutting directly across the fairway and flowing down the right side of the steeply elevated green site.

LORA BAY CLUB - HOLE #10 (PAR 5)

As you turn onto the property down Lora Bay Drive, you get your first glimpse of Lora Bay's 10th hole. As one of the more narrow holes on the course, this short Par 5 demands that you keep it down the center of the fairway to avoid dense forest on both sides.

As always, you'll want to be careful with your approach to the green that is protected by bunkers short left and long right.

LORA BAY CLUB - HOLE #11 (PAR 4)

After playing a 500 Yard Par 5, you get to enjoy a 484 Yard Par 4. Don't hold back; however, keep the tee shot straight down the narrow tee-lined fairway to avoid a bunker on the right. The second shot must carry a bunker on the left that is set well in front of the green. Bunkers line both sides of the green and a century-old barn stands in solitude behind the green reminiscent of old Ontario charm.

LORA BAY CLUB - HOLE #13 (PAR 5)

#13 is the longest hole on the course, but is not among the most difficult at Lora Bay. It's certainly a three-shot hole that forces you to play to the left of the fairway off the tee to avoid the 95-yard bunker that runs down the right side. You can basically grip it and rip on the second shot as the fairway cuts through a timeless apple orchard that stands as a tribute to the area's heritage. As usual, McBroom and Lehman have heavily fortified the green on both the right and left sides.

LORA BAY CLUB - HOLE #14 (PAR 4)

All good courses have at least one great short Par 4 and Lora Bay is no exception. The 14th could be named "The Temptress" at just 328 yards from the tips. if downwind, it's certainly reachable for the forward tees with a perfect shot. If you're not a bigger hitter, then a smooth iron or hybrid between the fairway bunkers is a wise decision. The green is protected by a steep bunker to the front right and is surrounded by more apple trees.

LORA BAY CLUB - HOLE #15 (PAR 3)

One of the most visually stunning Par 3's in Ontario and without doubt, the most memorable hole at Lora Bay. The tee shot dramatically drops over 200 feet into the forest below, while golfers enjoy a panoramic view of Georgian Bay and the sail boats that adorn the water. It's a fabulous hole that you will want to play time and time again. The green is guarded by bunkers on three sides and doesn't give anything away as it slopes significantly from back to front.

LORA BAY CLUB - HOLE #17 (PAR 3)

Set back on top of the Ridge and giving you a look at the clubhouse, this closing Par 3 is one of the more demanding one-shot holes on the course. Bunkers located on three sides heavily fortify the two-tiered green. Make sure to check the wind and choose your club wisely, as many are fooled by playing the two finishing holes on top of the ridge. Ensure you don't need a shoulder to cry on after this hole!

LORA BAY CLUB - HOLE #18 (PAR 4)

With the Clubhouse and Georgian Bay in sight, this finishing hole plays through the labyrinth of seven bunkers that come into play. The aggressive play is over the left corner of the first bunker and then fire at another well-protected green. The safer play is to stay to the left, but the second shot is then more demanding. As always, it's your choice and that's the beauty of spending a day at Lora Bay. As Tom Lehman says, "it's a strategic triumph and a pleasure to play!"
