Hole #1 (Par 5)

CH	A	B	ONS	C	R
451	451	451	451	451	451

Green Depth = 37 yds (+3)

North Halton tests you from the start with a blind tee shot. This hole favours a right-to-left shot shape. If you can clear the hill, you will set yourself up for a chance to reach the green in two. A shot that comes up short or off target will most likely be in one of six bunkers protecting this green. The green slopes severely off the left side, so being left of the pin will give you an uphill putt.

Hole #2 (Par 4)

CH	A	B	ONS	C	R
342	342	342	342	314	314

Green Depth = 40 yds (-15)*

This is a short Par 4 dogleg right. The ideal tee shot is at the large maple on the left, which will give you a good bounce down a funnel, leaving a wedge to the green. If you find the trees on either side, your approach will be challenging. Stay below the pin, or you could be faced with a speedy 3-putt.

Hole #3 (Par 4)

CH	A	B	ONS	C	R
346	346	346	346	331	331

Green Depth = 40 yds (0)

This straight away Par 4 is a short one, but if you go right, expect to hit a provisional. The key to this hole is to position your drive left centre for the best angle into the green.

Hitting a good approach is key here, as the green slopes from right to left. Par is good, Birdie is a bonus.

Hole #4 (Par 3)

CH	A	B	ONS	C	R
153	153	153	153	137	137

Green Depth = 35 yds (+3)

The first of five Par 3's, this green is one of the most difficult on the course. It has 4 greenside bunkers protecting it, so make sure to watch the wind. With no trouble over the green, take plenty of club to avoid the front bunkers. Greens lopes severely off the front side.

Par is a must-make here!

Hole #5 (Par 4)

CH	A	B	ONS	C	R
400	383	373	373	373	373

Green Depth = 44 yds (-11)

This hole requires a tee shot that stays slightly right of the fairway bunkers, but leave the driver in the bag. If you hit it straight, you could be in jail on your 2nd shot and will have to punch out.

An extremely deep green that slopes severely from right to left. A Par here should gain you a shot on the field.

Hole #6 (Par 4)

CH	A	B	ONS	C	R
419	396	351	351	351	351

Green Depth = 34 yds (+5)

Rated the hardest hole on the course, this straight away Par 4 requires an extra club on your approach due to the elevation change from the fairway to the green.

The tee shot is not the challenge here, but if you spray it left or right, you may have some tree trouble on your approach. Hit this green and sink your putt, and it could mean some KIN in your pocket!

Hole #7 (Par 4)

CH	A	B	ONS	C	R
353	353	333	333	333	333

Green Depth = 48 yds (+14)

A small creek and trees within reach on the right side come into play on this short Par 4. A long iron or fairway wood is recommended off the tee, but if you leak it right, expect to hit a provisional. This green is the deepest on the course, but slopes back to front, allowing an aggressive play. Take note of the pin placement before selecting your club, as an uphill putt leaves a chance for a Birdie.

Hole #8 (Par 5)

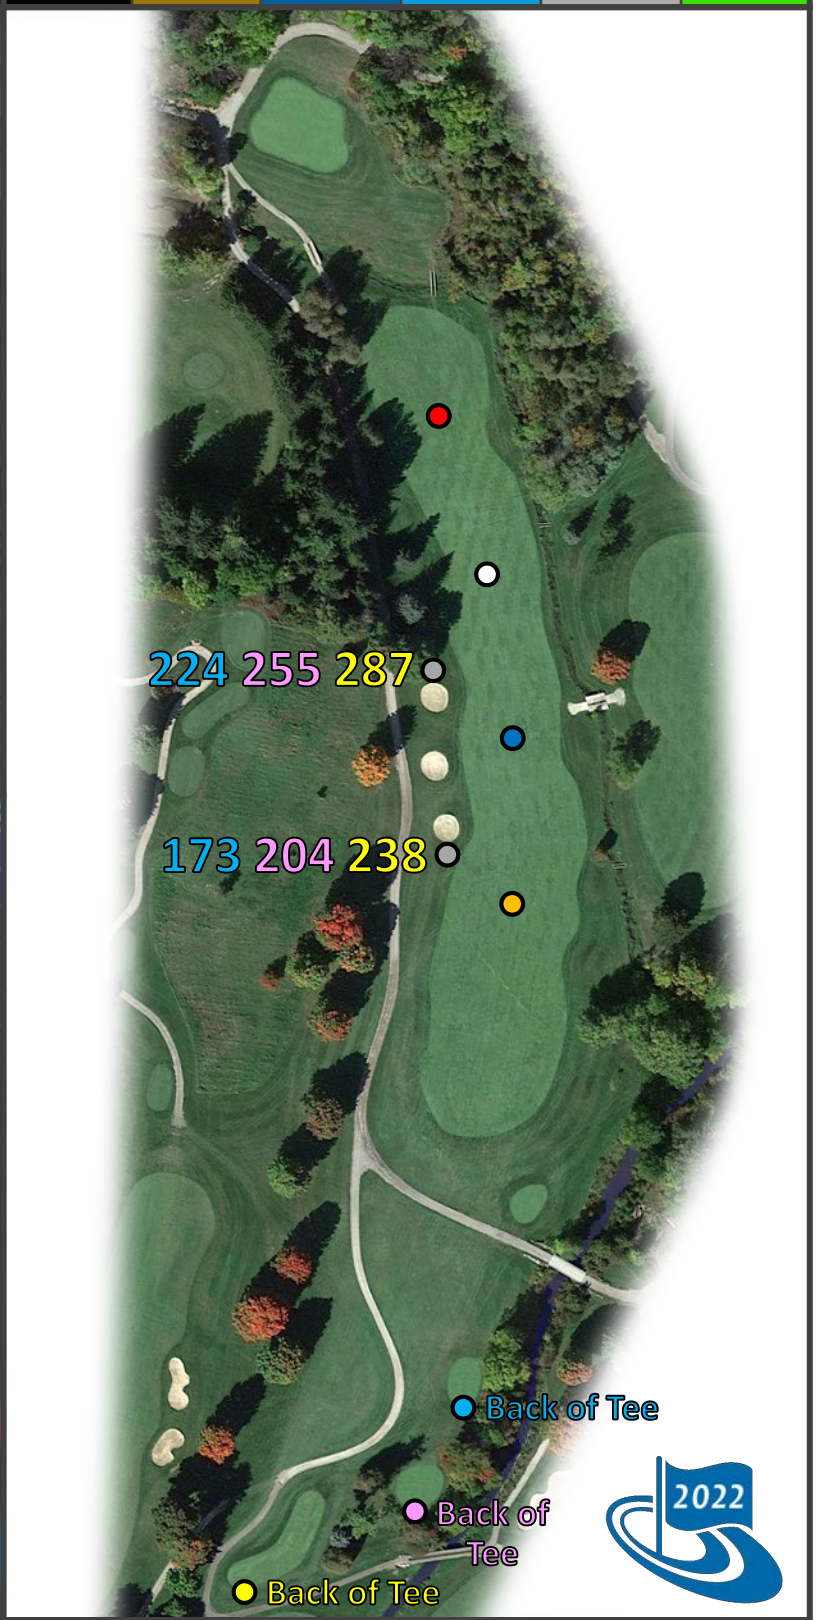

CH	A	B	ONS	C	R
471	471	452	452	452	452

Green Depth = 32 yds (-3)

The 8th hole is a Risk-Reward Par 5. A good drive can clear the first fairway bunker and leave you in a position to go for the green in two, but missing right will find a penalty area. Missing left may require reaching for another ball. The fairway ends at 70 yards from the green, which is elevated with O.B. on the left. The green slopes severely back to front, so approach shots should stay below the flag.

Hole #9 (Par 3)

CH	A	B	ONS	C	R
152	142	114	114	114	114

Green Depth = 28 yds (+8)

You finish the front side with a short Par 3 that is all carry over water. Coming up short will definitely require scuba gear for your 2nd; however, you can thank Christian for a back pin today! Try to keep your tee shot below the pin on a green that slopes severely from back to front. The sheltered tee can be deceiving, so check the wind turbine on top of the clubhouse for wind direction.

Hole #10 (Par 4)

CH	A	B	ONS	C	R
356	356	335	335	317	317

Green Depth = 24 yds (-4)

The back nine at NORTH HALTON starts with an uphill dogleg right whose corner is often cut by the long-ball hitter.

The safe shot is to the 150-yard marker, but make sure to stay short of the fairway bunker. Approach shots landing short will roll to the bottom of the hill on this shallow, slightly elevated green. This is a tame start to a challenging back nine!

Hole #11 (Par 4)

CH	A	B	ONS	C	R
389	378	378	378	363	363

Green Depth = 32 yds (+6)

Hole #11 is a beautiful hole from an elevated tee. The key is keeping the tee shot away from the fairway bunker on the left, leaving a great view of the green. Missing left of the bunker will often result in a punch out, and missing right could mean reaching a penalty area.

It's a front pin today, so Birdie chances should be plentiful.

Hole #12 (Par 5)

CH	A	B	ONS	C	R
537	518	518	518	518	518

Green Depth = 35 yds (-9)

This dogleg right Par 5 can be trouble for the errant ball hitter, as there are thick trees to the left and naturalized rough to the right. The fairway bunker on the left is a good target off the tee, but coming up short or right is a must with thick fescue lurking beyond. The green slopes severely from left to right, so despite being a Par 5, walking away with a par is an excellent score. Don't get greedy here.

Hole #13 (Par 3)

CH	A	B	ONS	C	R
166	166	166	166	166	166

Green Depth = 35 yds (-2)

A straightforward Par 3.

Swirling winds can make club selection difficult, and a river guards the entire left side of the hole.

Avoid the left bunker with the back left pin. Hit the middle of the green and 2-putt for Par!

This is the GTA Am Tour Hole in One Competition!

Hole #14 (Par 4)

CH	A	B	ONS	C	R
395	370	370	370	337	337

Green Depth = 24 yds (+1)

This long Par 4 is rated one of the hardest holes on the course.

A perfect drive is at the fairway bunker, moving the ball slightly right to left; however, the creek is very much in play. The right side of the fairway will leave the best look at this elevated green. Take about a 1/2 club extra on your approach.

THE CLUB AT NORTH HALTON

Hole #15 (Par 3)

CH	A	B	ONS	C	R
165	165	146	146	146	146

Green Depth = 31 yds (-9)

This beautiful Par 3 is located on one of the highest spots of the golf course and offers scenic views of many other holes. Pay attention to the wind and avoid the right side of the green, as a severe drop will make for a difficult Par save.

Par is a good score here!

RICHARDSON Wealth | The Wronski Cann Group

THE CLUB AT NORTH HALTON

Hole #16 (Par 5)

CH	A	B	ONS	C	R
552	552	524	524	524	524

Green Depth = 33 yds (+1)

Wind plays a big part on this long Par 5 because of the elevated tee. The hole plays as a 3-shot hole for almost everyone, and hitting the fairway is your key to success. For the more adventurous golfer, a long straight drive is a bonus; however, O.B. is on the tree line to the left and will usually result in a lost ball. The right area is a little more open, but there is a penalty area right of the green. Par is a solid score!

THE CLUB AT NORTH HALTON

THE CLUB AT NORTH HALTON

Hole #17 (Par 3)

CH	A	B	ONS	C	R
175	163	127	127	127	127

Green Depth = 33 yds (-6)

The last of North Halton's Par 3's requires an extra club due to the elevated green. The back right pin brings the large tree right of the green into play. Hitting the centre of the green will leave an uphill putt you can be aggressive with, so expect to see some Birdies here!

RICHARDSON Wealth | The Wronski Cann Group

THE CLUB AT NORTH HALTON

Hole #18 (Par 5)

CH	A	B	ONS	C	R
542	528	528	528	490	490

Green Depth = 37 yds (-14)

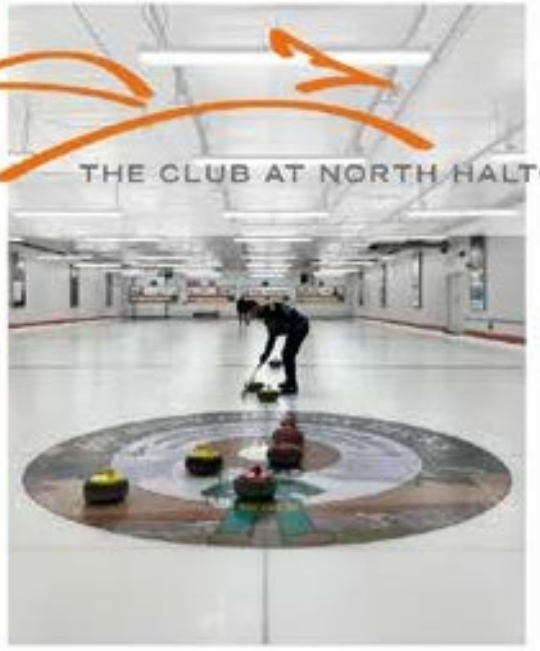

The prevailing wind is usually against you on this tough Par 5 finishing hole, which is a blind tee shot. The fairway is extremely undulating, and a tee shot to the left side is imperative to give you the right angle for your next shot. Right is not an option with heavy rough and fescue guarding it. Your lay-up is also blind, but leaving yourself 150 yards or less will give you a chance to hit this green in regulation. Three bunkers guard the pin, so you will have to risk a sandy finish if you want to put a circle on your final hole!
